love having the support available to us. difficult to arrange training sessions as closing the library is frowned upon as it affects 2 schools, several hundred students and many teachers.

not sure

The team that Supports Follett is amazing in the speed they address my questions and concerns.

I am grateful for the support of the SLS at Boces 1. They do a terrific job and provide much to assist our library program. Thank you. Heim El.

Would like to know more about using social media to use for book clubs or promote the library

Thank you for all you do to help and support all of us here.

I am not part of a district so the support, information and networking opportunities provided by SLS is invaluable to me.

The question about staffing and services is grammatically incorrect. It should read "check if your answer is yes" somewhere in the question itself and the second choice "Has the library media center recently experienced a lost of..." should be "loss" not "lost"

Your web site is not user friendly. The procedure for ILL changes too frequently.

Greatly appreciate the support from E1B SLS as well as the information regarding new technologies, state and federal regulations, funding, legislation and happenings that may have an affect on our profession, both in and out of school.

Need more guidance on APPR/SLOs for School Librarians

We are highly satisfied with the service the SLS department provides. Responses are very quick and always extremely helpful. Keep up the great work!

The SLS team for Follett support is phenomenal. Patty and her team are unparalleled for knowledge and service.
